RE: Title IX 2019 Reports

DATE: 6/4/2019

In compliance with Title IX of the Education Amendments of 1972, the District does not discriminate on the basis of sex in the educational programs and activities which it operates, and in coordination with the Kent Intermediate School District (KISD), the district has completed a compliance audit for the required deadlines in 2019.

Three components of the compliance audit were performed.

1. Student Interest Survey (due every three years, last completed by GLPS June 2016)
2. Annual Compliance Report (due every August, last completed by GLPS August 2018)
3. Gender Equity Compliance Audit (due every five years, last completed by GLPS June 2014)

All three components had 2019 due dates and results of all three audits can be found below:

1. [Student Interest Survey Results](#)
2. [Annual Compliance Report](#)
3. [Gender Equity Compliance Audit Coaches Surveys/Findings Results Memo](#)

Based on information collected and reported to the KISD, the Title IX Coordinators of Godfrey-Lee Public Schools find that the district is in compliance with all standards required by State and KISD measurements. This information will also be available to the public on our website at <http://www.godfrey-lee.org/title-ix.html>

The Board of Education is asked to approve the information above for compliance standards.
